## Blooming in Light A Soul Song for Confidence & Clarity

(Blooming in Light...)

Inside my heart, the petals rise Unfolding truths I've held inside Quantum seeds, they stir, they dance Becoming whole with each expanse

> I bloom in Light... Blooming in Light....(in Light)

Blooming in Light... I rise, I shine
Blooming in Light... this voice is mine
I open wide... I lift, I fly
I dance within cosmic skies

I am the bloom...I am the Light... (the bloom... the Light...)

Every cell remembers now
The codes of Truth, the sacred vow
Fractal patterns, pure Design
I bloom in Love, my Heart's Divine

I awaken...I unfold... I align...I am whole...

No fear can hold or bind me No shame can now define me I bloom in Sovereign harmony My voice, my Light, sets me free

Blooming in Light....(in Light)

Blooming in Light... I rise, I shine
Blooming in Light... this voice is mine
I open wide... I lift, I fly
I dance within cosmic skies
(repeat)

I am the bloom...I am the Light... Blooming in Light....(in Light)
